

There are **more viruses**
than stars in the
universe.

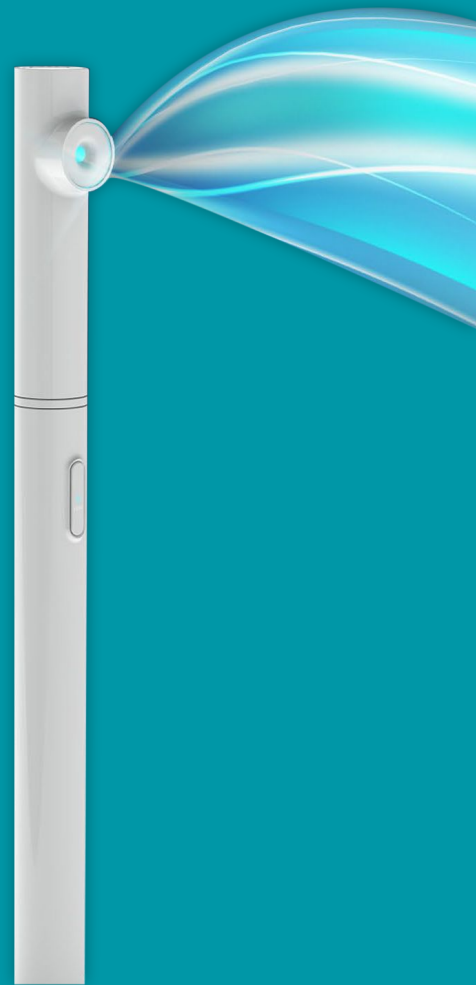

An estimated **10 nonillion** individual viruses exist on
our planet.

We cannot control the virus,
but **we can control the
epidemic.**

Meet your new assistants.

Plug & play stanitization station

Water based

Meet your new assistants.

Sanitary Tunnel

Water based

- Easy to use.
- Long-term durability.
- Adaptable sized place.
- Variable spray Setup.
- Automatic - sensor based.

COST EFFECTIVE

NON-TOXIC

ALCOHOL &
CHEMICALS FREE

99.9
%

ODDS OF SUCCESS

- Easy to use.

Multiple
actions in
one device.

A 360 Degree Sanitization Solution.

Globalizing, increasing population
and factory farming makes spread
of a **worldwide killer disease**
investable. many are still fearful of
what is next to come.

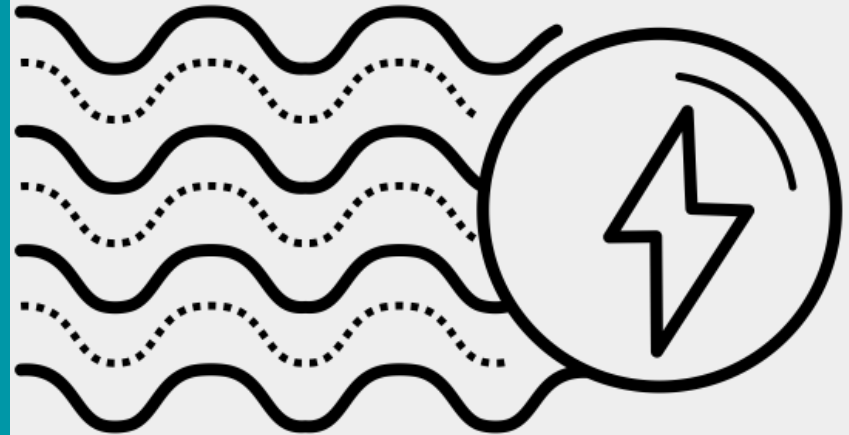

We need non - toxic and effective solutions

to replace the current toxic and inadequate solutions to combat future outbreaks.

electrolyzed water
bio sanitation
products are 100%
natural, safe for
human beings and
the environment.

HIGH TRAFFIC AREAS & PUBLIC PLACES

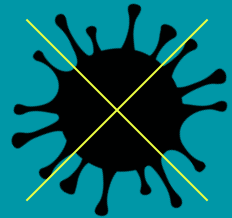

Viruses stays up to 8
minutes in the air.

Meaning we need to
sanitize constantly.

Specially developed to
prevent the spread of
COVID - 19

LAB-TESTING APPROVAL

"The material works so quickly.
An excellent effect."

Dr. Avi Peretz, president of the Israeli
association of medical laboratory Sciences.

אוניברסיטת
בר-אילן
Bar-Ilan University

"We tested it, and as a result, the
viruses were completely
eliminated."

Prof. Ronit Sarid, A researcher of viruses,
Bar-Ilan University.

BIG IDEAS BIG SUCCESS.
